

# Comprehensive Screening and Assessment System

## 2013 Recommendations:

- Implement strategies to institute the timeline recommendations in the Blueprint for Action; including cross-system, community approaches.
- Promote evidence-based practices in early screening and assessment practices.
- Align efforts with 4/5 K assessments emphasizing use and purpose of results.

# Planning and next steps for 2014

- Completed summaries of best practices, recommendations, and status of various screening areas in Wisconsin

## Next Steps

- October meeting: Identify 2-3 key areas/themes; begin developing work plans
- October-January: Finalize work plan with action steps for addressing key areas at the program, department, and cross department level
- 2014: Implement work plan
